Road Runner Plus

Diesel Fuel Improver with Biocide

Improves fuel efficiency and extends engine life
- Provides clean separation of fuel and water to help stop rust and corrosion
- Boosts Cetane rating of 15% for faster ignition and improved combustion
- Improves fuel efficiency by 10%
- Protects against wear because of formulated preservatives

Precautions
For diesel engines only.
Do not use in gasoline engines.

Description

Areas of Application
- Off road vehicles
- Trucking and delivery fleets
- Construction equipment
- Stationary and auxiliary power engines
- Utility, mining and marine operations

Directions

Bulk Storage Tanks:
1. Add 3.78 litres for each 13785.41 of fuel.

Vehicle Fuel Tanks:
1. Add 236.5 millilitres for every 189.3 litres of fuel.

Cetane Rating	
API Gravity	**Cetane Number**
32.2 Untreated	38.0
32.2 1:1000	41.5
32.2 2:1000	42.5
40.7 Untreated	52.0
40.7 1:1000	56.0
40.7 2:1000	57.5

Technical Specifications	
Temperature Range	Up to 160°C
Flashpoint	65°C
Odour	Faint
API Gravity	19.6 - 20.6

Features and Benefits

Helps keep fuel injector tips free from clogs by dispersing sludge and gum in fuel. Clean tips improve combustion and maximises performance.

Lowers pour point of fuel by as much as 17°C. Fuel flows more easily and full power can be achieved for quicker starts even in cold weather.

Helps prevent formation of slime and other blockages. It also reduces acid corrosion.

Prevents breakdown and acid formation in stored fuel.

WARNING: Consult the label for full instructions and precautions before using this product.
